**Local Cultural
Heritage**

In 2020 the international pedagogical project “Reconnecting with your Culture” promoted by the EdA International Research Center “Esempi di Architettura” and UNESCO University and Heritage was born. The project pursues the “Quality education” objectives of the UN 2030 Agenda. This is a project born in the university academy, but it is aimed at primary and secondary schools all over the world.

The main aims are to bring young generations closer to the values and content of local cultures, to strengthen local identities, knowledge of local traditions and to build strong awareness and knowledge of their cultural heritage (tangible and intangible or living heritage).

**HELP EDUCATE THE CHILDREN
IN YOUR COMMUNITY.**

617 million children and adolescents lack minimum proficiency in reading and mathematics.

The schools in the world will be able to structure cultural training programs independently and apply the “Reconnecting with your culture” method based on three simple but fundamental steps:

- 1. WALKING IN YOUR CITY ¡Treasure Hunt!**
- 2. HOW TO UNDERTAKE A SEARCH?**
- 3. WHO CAN DISCOVER WITH YOU? TELL US YOUR CULTURAL HERITAGE**

Each school that adheres to the pedagogical method will not only be part of the international network “Reconnecting with your culture” but will also promote the pedagogical method on its territory, with other departments, and with other nations of its continent.
